Professional Development Conference

The Fort Worth Chapter of the Project Management Institute (FWPMI) is a non-profit association promoting the growth of the project management profession and best practices through high quality educational events and networking opportunities. From its inception in 1992, FWPMI Chapter has grown to over 1,300 members representing a wide spectrum of industries and businesses in the Dallas/Fort Worth area.

FWPMI is currently planning the 10th annual Professional Development Conference on June 14, 2018 at the Hurst Conference Center in Hurst, Texas. This one-day conference provides attendees with the opportunity to learn new skills, explore new trends, and network with other project management professionals. It is also a great opportunity for sponsors to connect directly with the people who manage change within the wide variety of industries represented.

We expect 200 Project Management practitioners to attend our event where they will learn from nationally and locally known speakers who will cover topics encompassed within the PMI Talent Triangle (Technical Project Management, Leadership, and Strategic/Business Management). Attendees choose the sessions throughout the day that best suit their interests and professional development goals. They also have the opportunity to network and share ideas with other attendees throughout the day as well as earn professional development units (PDUs) towards maintaining their PMI credentials.

As a Sponsor or Vendor in our Showcase, your company name will have exposure to the attendees of the event and indirectly through our planned communications to over 6,300 professionals in the Dallas / Fort Worth area.
